

Add & Edit Calendar Events

Managing your Calendar

Written by Sanket Haval | Last published at: August 07, 2025

Having your Calendar up to date will allow parents to keep track of events happening at the school.

We recommend having your Calendar integrated with your Website so that by updating the School app you automatically keep your Website up to date.

Add Events

Go to your **Dashboard** and under **Calendar** click on **Add/Edit Events**

Tap on any date to have a window pop up

Enter the **Title** of your event

Enter **start/end date/hour**

Enter any further **description** of the event

Select **Category**

Submit

Edit Events

Go to your **Dashboard** and under **Calendar** click on **Add/Edit Events**

Tap on event you wish to edit

Make changes required

Submit

If you do not have your Calendar integrated on your Website please
